

The image shows a close-up of the Northwestern University seal, which is a circular emblem featuring an open book and the university's name in Latin and English. The seal is set within a square frame and is embossed on a light-colored surface. A dark blue triangle is visible in the top-left corner of the page.

Northwestern University Feinberg School of Medicine

Department of Pathology Presents

The Department of Pathology at Northwestern University Feinberg School of Medicine seeks a full-time non-tenure-eligible Clinician-Educator at the rank of Instructor, Assistant, Associate, or Full Professor. Responsibilities include excellence in diagnosis and teaching in Surgical Pathology, with areas of specialized interest or training in Head and Neck and/or Thoracic Pathology. Service responsibilities in other areas of surgical pathology could be available to the appropriate candidate if desired. The successful candidate will have a record of demonstrated productivity and scholarship in these areas and will be expected to conduct investigations in collaboration with clinical colleagues and trainees in Pathology. The Surgical Pathology Division offers subspecialty sign-out and works closely with other divisions of the department including hematopathology, cytopathology, neuropathology, and diagnostic molecular pathology. In addition to clinical responsibilities and research, faculty are expected to play an active role in teaching and training medical students, residents, and fellows.

Qualified candidates will hold MD or MD/PhD degrees and be board certified in AP or AP/CP from the American Board of Pathology and be eligible for an unrestricted medical license in the State of Illinois.

The start date is negotiable, and the position will remain open until filled.
